

Geronimo Trail Guest Ranch Official Statement on Ranch Operations during the COVID-19 Pandemic

To Our Valued Guests,

First and foremost, our hearts go out to anyone affected by COVID-19. Please know that we highly value the health and safety of our guests and staff and have put the following practices into place. Much remains the same, as we still offer a wonderful outdoor adventure in vast and beautiful Mother Nature. We can't wait to welcome you to enjoy this special area and the amazing experience Geronimo Trail Guest Ranch has to offer!

Best wishes,

~ Meris, Seth and the Geronimo Trail Guest Ranch Family

How is GTGR screening guests and staff for COVID-19?

- **Guests will be asked to fill out a COVID-19 symptom/travel/contact questionnaire prior to arrival.**
- **You are strongly encouraged to get a COVID test or get the vaccine prior to traveling.**
- **Guests are encouraged to social distance and/or quarantine prior to arrival.**
- **While traveling to the ranch, guests are asked to take all possible safeguards such as wearing masks, social distancing, washing hands frequently, etc.**
- **Guests and staff with COVID-19 symptoms are not allowed to visit the ranch.**
- **Guests and staff are requested to immediately let us know if they feel sick in any way.**
- **The ranch will immediately address situations where guests or staff experience COVID-19 symptoms while at the ranch.**

What safety precautions are being put into place at GTGR?

Numerous initiatives are in effect to address health and safety concerns.

- We are New Mexico Safe Certified - Trained in COVID-Safe Practices.
- Increased hand washing for all.
- Additional sanitizing stations will be available for guests and staff throughout the ranch.
- We are implementing more aggressive cleaning techniques and following all CDC guidelines for the cleaning of your room before your arrival. We do not offer daily housekeeping. If you need trash removed or anything else during your stay, please let us know.
- We are implementing more aggressive and frequent cleaning techniques in public areas with an emphasis on high volume touch-points.
